

## ☆ MEAL COST CONTRIBUTION ☆

### RGC and ATLANTIS Sites — Malikassociation

In the interests of fairness, accountability and the long-term sustainability of the associative project, a monthly contribution of €10 per young person is requested to cover meal-related costs at the RGC and ATLANTIS sites of Malikassociation.

This symbolic contribution helps partially cover the costs associated with daily food provision, while maintaining accommodation fees deliberately low and accessible.

It is part of an educational approach aimed at encouraging autonomy, accountability and the involvement of young people in community life.

Meals continue to be organised within a supportive, non-profit and community-based framework, without the pursuit of profit. This contribution helps maintain the overall financial balance of the structures.

#### CONTRIBUTION PRINCIPLE

Monthly contribution: €10 per young person

Purpose: partial contribution to meal costs

Sites concerned: RGC and ATLANTIS

Framework: supportive, community-based and non-profit
