Professional support, training and integration

It is important to gain various professional experiences as early as possible, while preparing for and pursuing your personal integration goals.

Taking into account your well-being and the reasons for your integration into our association, we can establish short-term contracts in different fields.

Areas of support and activities

- Professional cleaning and maintenance;
- Introduction to practical craft experiences;
- School-based and diploma-oriented training;
- Community outreach activities, in partnership with Nostromo;
- Training and preparation for obtaining a heavy goods vehicle driving licence;
- Development of entrepreneurial projects, subject to passing and obtaining the theory test and the category B driving licence.

General objective

To promote autonomy, the acquisition of skills, professional experience and the gradual development of a personal or entrepreneurial project.
